

Flow Chart of Scholarship Application Process for Students and Faculty

Student

Student reads "Scholarship Application Instructions."

Student decides to enter.

Application: Step 1
Student creates an account on the NPPF website. This is done only once.

Application: Step 2
Student completes the application web form. This form may be edited after initial completion to add multimedia URLs, for example.

Application: Step 3
Student creates a portfolio with a defined folder structure and uploads it.

Faculty

Student asks faculty member to write recommendation.

Faculty member creates an account on the NPPF website. This is done only once.

Faculty member enters recommendation for student after student has completed Step 2.

Automatic Email

Note: All yellow boxes are clickable and go to the web pages described in the box.
